

Teacher Input Form Helper

We need at least 2 academic strengths & 2 academic weaknesses. These must come from the TEKS, please write the TEK number (4.2a).

Please don't forget to complete the "Circle One" portion at the top.

If they are successful alone on grade level then you cannot ask for modified content. Student must be behind 2 grade levels for modified content to be a valid suggestion.

We have added an example below.

List some academic strengths and current instructional level.

Example: The student is able to multiply 2 digit by 2 digit numbers correctly.

Example: The student reads and answers comprehension questions with 75% accuracy.

TEK 4.4A student understands rhyme & uses it to

analyze the meaning of a poem. TEK 4.5 student uses

inference skills to comprehend poems

List some academic weaknesses (What he/she has trouble with in class.)

Example: The student does not regroup correctly when subtracting in division problems. (3 digit/2 digit)

Example: The student's writing is not well organized. Lacks understanding of topic sentences.

TEK 4.8A student has difficulty in comprehending all of the authors
use of imagery using rhythm & meter. TEK 4.1A struggles with
comprehension because of her rate of fluency.

In one or two sentences, briefly describe how this student is doing in

your class: Student is a pleasure to have in class and

is successful with modifications and inclusion assistance.

Student gets frustrated easily, struggles to stay on

task and ask for help.
